**READY FOR SANTA**—The annual Christmas decoration ceremony of the pine tree in the Lemon Grove plaza was held this week under the sponsorship of the Lemon Grove Business Women's League. The women raise money for the project by way of bowling parties throughout the year. The L. G. VFW, the Pacific Telephone Co. and generous citizens also contribute to the plaza upkeep and decoration. In the center is Mrs. Jerry Antonette, representing the League. On the ladder is Harold Nienast, a helper. Getting ready to install the star from a PacTel hoist-platform is Ed Wright.

## Lemon Grove Junior High School Honors 10 Straight 'A' Students

Report cards at Lemon Grove Junior High revealed seventy-one students on scholastic honor rolls for the first nine weeks of school this term. Robert Sutton, principal, also announced that two hundred and fifty-seven students gained good citizenship ratings during the same period.

Seven eighth graders and three seventh grade students earned straight "A" grades in all subjects. Eight grade "A" Honor Roll pupils were Michael Weaver, Barbara Brumbaugh, Christine Hall, Marcia Hoagland, Mary Jo Ondrechen, Christine DeGaetano, and Antia Carvin.

Top "A" students in the seven grade were Bruce Heitman, Sherry Thompson, and Elizabeth Laird.

In citizenship, thirty-two junior high students earned places in the coveted Good Citizenship Club, indicating all "A" grades in citizenship from all teachers. Nine were eighth graders and twenty-three were seventh graders.

### Economic Study Has \$4,000 Tag LG CoC Learns

The Lemon Grove Chamber of Commerce, seeking to learn more about the economic structure of the community, heard Dr. Alfred J. Gobar, representative of Western Management Consultants, explain that the job will take a minimum of six weeks and the cost would be more than \$4,000.

Chamber directors, sitting in session at the regular monthly meeting at El Morocco Tuesday, took no step to acquire the services of the consultant firm.

Dr. Gobar advised the board to "define the problems before you call in consultants."

"Much of the information that is needed will be incorporated in the County Land Use Study, due to be completed in six months," he said.

The board did not indicate whether it would have the study made or not.

Gold Citizenship Club members now include Steven Wrightson, Louis Nunez, Sherrie Gutshall, Pat Franson, Richard Gord, Michael Weaver, Laura Lusitana, Mary Jo Ondrechen, Beverly Reynolds, Bruce Heitman, Lisa Cornelius, Mike Kelso, Christine Sargent, and Martin French.

Also Cynthia Carter, Cathleen Hunter, Megan Bascom, Diane Cannizzaro, Marcia Jingling, Joan Lee, Dion Pepin, Susan Stroud, David Dunn, Alan Kingsley, Dennis Lintvedt, Roger Romero, Jeff Sanchez, Paul Guynn, Melva Woodward, Karen Weber, Diane Chesnik, and Elizabeth Laird.

A total of 102 eighth graders and 123 seventh graders earned grades qualifying them for membership in the Green Citizenship Club. This membership requires a "B" average in citizenship grades with no grade lower than "C" permitted.

The "B" scholastic honor roll boasted 61 members at the close of the first quarter. These students had a solid "B" average; many of them had all "A" grades but one or two. They include the following eighth graders:

Joanne D'Amico, Alan Pipes, Michael Schmidt, Steven Wrightson, Louis Nunez, Kenneth Garvin, Watne Grout, Michael Leigh, Louis Shrinke, Richard Gord, Pat Franson, Bellyn Ruiz, Rhea Taylor, Ray Craig, Mike Curtis, Denny Davy, Martin Weiss, Carol Allred, Dorothy Aron, Jo Ann Badman, Marta Granstedt, Tina Savage, Carol Stroud, Deborah Wilson, and Carla Riggins.

Seventh grade "B" Honor Roll members were Richard Lee, Lisa Cornelius, Frances Thunberg, Katherine DeHofe, Janet McKillop, Barbara Jarrold, Chris Mann, Gail VanVleck, Loren Machart, Mike Kelso, Peg Earness, Marten French, Randy Rugh, Denise Burrell, and Cathleen Hunter.

### \$800 NEEDED FOR ROSE PARADE

## Service Clubs Lead In Aid For Marching Matador's Trip

Area service clubs will join the Mount Miguel Music Parents to cover the cost of transporting the Marching Matadors to Pasadena Jan. 1 where the band will march in the Rose Parade.

Matador musicians were chosen to represent San Diego for the third time when they won in open competition last month at the Marine Recruit Depot. Band director is Lawrence Curtis.

The crisis came when the City

of San Diego Monday declined to share the cost of transporting the band. The City provided half the funds when the Matadors marched in the Parade in 1963. The county contributed \$790 this year leaving \$800 to be raised locally and immediately, according to William Dobbins, Music Parents Club president.

First to aid was the Spring Valley Kiwanis club with a contribution of \$150. The L. G. club

followed with similar aid.

"We have reason to believe that the Lions club, Rotary clubs, Woman's clubs and Men's Clubs of Lemon Grove, Spring Valley and Casa de Oro will back us in this emergency effort," Dobbins said. "All the youngsters are local and millions will see them 'New Year's Day'."

George Clark, past president of the Parents clubs said the emergency will always exist because the competition is held so late in the year. "45 days is not enough time for band youngsters to raise funds by car washes, candy bar and cookie sales, and the like," he said.

"It would be unrealistic to raise the money early in the year knowing that one of the many other good bands in the county could win," Dobbins added.

The money will cover band members overnight lodgings, meals, transportation for the musicians and their instruments.

Citizens may make contributions by check or cash to the Music Parents Club through the office of this newspaper: Home-Land Publishing Co., 7834 Lester Ave., Lemon Grove or at the Mount Miguel High school's business office.

Chief Wade

## Joe Rushing To Speak At Men's Club

"The strategy of the communists is to divide and conquer, which is as old as history itself," F. L. Wade of Spring Valley told the Lemon Grove Men's Club last Friday.

Wade, a chief in the U. S. Navy, was representing TACT (Truth About Civil Turmoil), a San Diego-based group.

Wade spoke on the infiltration of communists into the civil rights program and showed a film strip on the Watts Riot and accompanying dialogue on a tape recorder.

Wade remarked during the meeting, "They (communists) are trying to pit American against American. They succeeded in dividing Algeria and China and are doing the same thing in Viet Nam."

"In America, the communies are exploiting the difference in people's skin by infiltrating the civil rights movement," Wade said. He added, "All races should give serious thought to what will be the result of a breakdown of law and order as is happening today."

This Friday's speaker will be Joe Rushing of the county special services division.

## Eavesdropping Figure Dies Of Heart Attack

SAN DIEGO (CNA)—Vernon Ford Hyatt, 40, of 590 Douglas St., Chula Vista, one of two private detectives who pleaded no contest Tuesday to a misdemeanor eavesdropping charge, was pronounced dead on arrival at Chula Vista Community Hospital at 7:50 a.m. Wednesday.

Hyatt, his wife, Dixie, 35, and Edwin Meech, 30, of 3434 Grove St., Lemon Grove, were charged with eavesdropping after a San Jose attorney found a microphone in his Chula Vista Motel room. Harry Feldman of San Jose was conferring with his client, the Nelson Sloan Co., when he found the microphone.

The eavesdropping charge against Mrs. Hyatt was dismissed after the men entered their pleas in Superior Court.

The charges against the trio arose out of a civil suit filed by the L. G. law firm of Davies, Barwick and Knowlton, alleging that the law firm owned a portion of Nelson Sloan. Nelson Sloan hired the San Jose attorney and filed a counter civil suit.

Upon finding the microphone, Feldman notified authorities who brought the criminal charges against the Hyatts and Meech. Feldman filed a civil suit charging invasion of privacy against the Hyatts, Meech and the Lemon Grove law firm. This case is pending in Superior Court.

The sentencing of Hyatt and Meech had been scheduled for Jan. 17.

### New Washington Book Reveals Conceit, Treachery, Greed

Pulitzer Prize-winning Reporter Clark Mollenhoff has just written another book and many in Washington are squirming.

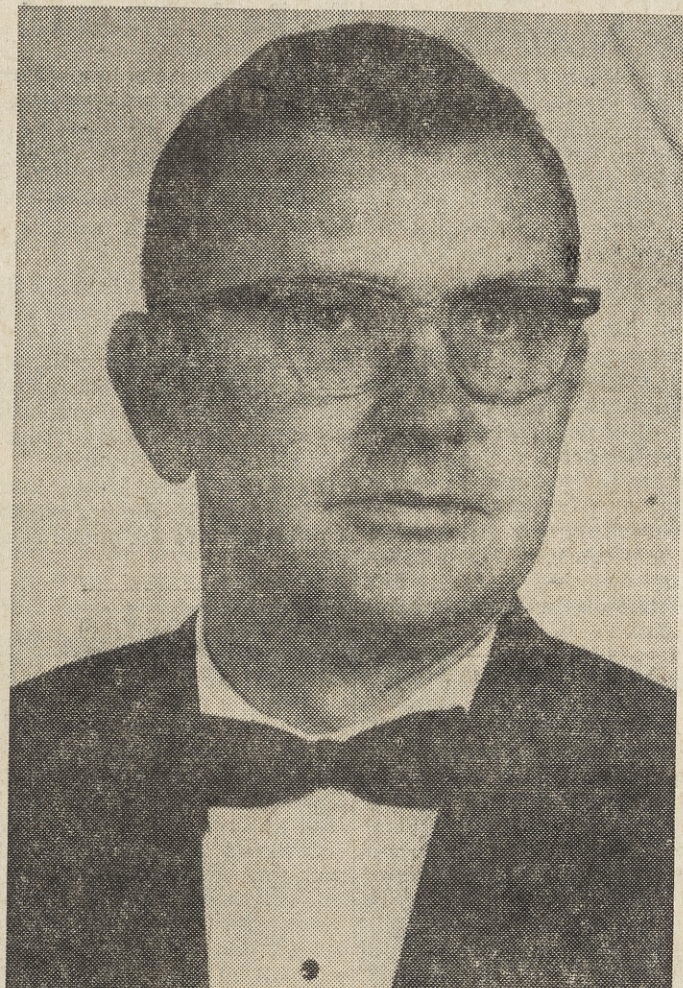

The book, "Despoilers of Democracy," details Lord Acton's political philosophy that "All power corrupts, and absolute power corrupts absolutely."

Mollenhoff, a respected, veteran Washington newsman has set down a factual record of Washington officials involved in cynicism, blind conceit, greed, treachery and simple stupidity that is so unbelievable that it would be "way out" reading if it were offered as fiction.

Who could believe that the ice-cold Robert McNamara, Secretary of Defense and former "Whiz Kid" of the Ford empire, would ram down the Navy's threat a fighter-plane too heavy for use on aircraft carriers, then burst into tears before a Senate investigating committee because it pursued the point with vigor?

And who could believe that a Secretary of Navy could be so

## Seventh-day Adventists Gather Food, Clothing

Seventh-day Adventist churches throughout southeastern California this week are gathering together food and clothing which will be distributed Dec. 12 among victims of the November floods in Tijuana.

It is anticipated that the event will exceed a similar project held a year ago by Adventist churches of Southeastern California Conference. At that time, they distributed to Tijuana flood victims, 5,000 pounds of rice, 5,000 pounds of beans and a large amount of other food staples. In addition to thousands of articles of clothing, they gave away 200 quilts.

Representatives from many of the 78 churches in the conference will gather at San Diego's North Park Seventh-day Adventist welfare center, Illinois at Polk, Sunday at 10 a.m. They will drive in caravan across the border and begin an organized distribution program under the direction of the Tijuana Adventist church pastor, Jaime Castrejon.

Last year Adventist welfare in southeastern California was valued at \$748,075. A portion of that amount came from \$155,885 contributed by the public toward the Adventists' annual medical, educational, evangelistic and welfare appeal.

## Girl Scout Chatter

by Mary D. Giacinto

Mrs. Robert Davy, chairman of the Lemon Grove Girl Scouts, and neighborhood Cookie Sale chairman, Mrs. Raymond Graves, attended a training luncheon at the Town and Country Hotel, Tiki Room, on Dec. 18. It was the Cookie Kick-off for the 1966 sale to be held Feb. 12-22nd.

Lemon Grove Neighborhood has been busy organizing and training adults. The result is that there are now 25 Girl Scout

troops in Lemon Grove compared to 15 in the month of September. To prepare for leading girl scouts, adults (30) have been receiving orientation and leadership training and about 50 adults have been invested as Girl Scouts during that time. About 70 young ladies have been invested as Brownie Girl Scouts and the remainder of the girls and adults have been busy re-dedicating themselves to the wonderful cause of making our girls better citizens, better cooks, better craftsmen and better all-around young women through Scouting.

Shakespeare's Macbeth states: "Life's but a walking shadow, a poor player, that struts and frets his hour upon the stage, and then is heard no more. It is a tale told by an idiot, full of sound and fury, signifying nothing." The Christian faith tells us that this need not be true, for, as Paul wrote in 2 Corinthians 5:17: "Therefore, if any one is in Christ, he is a new creation; the old has passed away, behold, the new has come."

Dr. Walch Awarded Funds For Valley Fever Study

An award of \$3,612 to Henry A. Walch, Ph. D., to continue his investigation of valley fever (coccidioidomycosis) for another year at San Diego State College, was announced recently by Dr. Amorita Treganza, Lemon Grove-Spring Valley area chairman of the Tuberculosis and Health Association of San Diego County.

Dr. Treganza explained that money to finance research, an important part of the local health agency's four-pronged fight against tuberculosis and other respiratory diseases, comes from local contributions to Christmas Seals, and, she added, the 59th annual campaign is about to enter its fourth

all understanding of the disease. The researcher, professor of microbiology at the college, believes there will be an increase in valley fever cases as armies of workers, developing the California water project to bring Feather river water southward, stir up dust in the southern San Joaquin valley.

The fever is caused by a fungus which grows in the ground and its symptoms are nearly identical with those of tuberculosis, which makes it difficult to diagnose, Dr. Treganza said.

Walch is concerned with various aspects of virulence of valley fever, which may have a bearing on development of an effective vaccine. In any event, the study will give greater over-

self-assured that he solicited business for his bank on Navy stationery while denying conflict of interest?

"Despoilers" tells about Billie Sol Estes, Bobby Baker, Elly Rometsch and other party girls. It tells about Walter Jenkins and Don Reynolds, who provided Lyndon Johnson's stereo set. It reveals the battles of Otto Otepka, N. Battle Hales and Mary K. Jones.

The book reveals how Hales, a Department of Agriculture lawyer, in an attempt to show his superiors of favoritism for Estes, even after Estes was convicted, was treated like a culprit rather than an accuser. He was barred from his files and from his office. When Hales' secretary, Mary K. Jones, 51, protested the commandeering of Hales' files, she was forcibly clapped in a mental ward at the municipal hospital.

Otto Otepka, responsible for checking State Department security, was driven from his office and his files when he turned up weak security practices at State. He was shunted to a meaningless job and would have been fired except for the uproar and protest in the Senate.

Adm. George Anderson, outstanding as the Chief of Naval Operations, was fired, and Gen. Curtis LeMay, Air Force Chief of Staff, suffered a loss of service time for the offense of producing facts which contradicted McNamara on matters of immense importance to national security.

Don Reynolds, the Maryland insurance broker, who helped turn up the most damaging evidence against Bobby Baker, Johnson's protégé, has been ruined professionally and financially because of sanctions taken against him. Meanwhile, Baker continues to prosper.

"Despoilers" may not be a book that makes for easy, unruffled reading and thus may not achieve the popularity it deserves. The book's great value is that it puts down in ink on paper some of the ills besetting the top echelon of government.

It's Mayor Curran's Stadium

Mayor Frank Curran was in Lemon Grove Nov. 5 to talk to members of the Lemon Grove Men's Club.

Hizzoner was riding high on the crest of victory for his stadium plans—but so are many other San Diegans who have prophesied long-time economic benefits therefrom.

It should be to the everlasting credit of the Mayor that he risked his political future when he unqualifiedly sponsored the building of the stadium and a plan for financing it.

Earlier this year the Mayor was smarting from a resounding defeat given by voters rejecting his General Plan by a 4-1 margin. He was so hurt by this defeat that he came to doubt his ability to give San Diego the leadership it so desperately needs. He confided these doubts to us at a civic luncheon a few days after the losing election.

After the rubble of the defeat of the General Plan was examined some progressive citizens felt that the conservative forces were still too strong in San Diego for a stadium issue to pass. Yet, Mayor Curran, feeling that the stadium's success would announce to the nation that San Diego believed in itself, did not hesitate to start putting heat on those he wanted to work with him to present the stadium issue to the public. There was no question in his mind that he would become a political corpse if the public again refused to buy what he was selling.

Mayor Curran's leadership and enthusiasm made the issue popular. His sincerity made even the most cynical believe in him. We think many citizens were voting for Curran when they gave it an overwhelming O. K.

There is already a new air of economic optimism in San Diego.

One Spring Valley businessman bought out the owner of the business he was managing "because the stadium passed and good times are coming again."

A Lemon Grove firm used the passage to announce plans for expansion.

"Sure, we had plans ready for five years but we didn't have enough confidence to make the expenditure until now," the executive said.

Mayor Curran is a remarkable man with courage to back up his beliefs. The entire San Diego area is a better place because of his leadership.

"PLAYER OF THE YEAR"

## Mount Miguel's Wally Johnson Named Grossmont League's Best

Wally Johnson, Mount Miguel High School's outstanding fullback and linebacker, has been named the 1965 "Player of the Year" for the Grossmont League honorary football team.

Johnson, along with two other Matadors, was honored on the team, which is selected by the loop coaches and released through the Breitbard Athletic Foundation.

Guard Dan Colesanto and tackle Ken Patterson were the other Matador all-league selections.

Johnson, a 5-10½, 190-pounder, is "the best I've ever coached" according to Matador mentor Perry Miller.

"Wally is a complete ball player. He does practically everything well. He makes the most of what he has. I think he can play anywhere," Miller relates when discussing his pride and joy of the 1965 Matador club.

Johnson was chosen as a line-backer post although he carried the ball for 665 yards and a per carry average of 7 yards at fullback.

No Losses  
The Matador star was never thrown for a loss all year according to Miller.

Wally gives credit to his teammates for his heroics on the football field this year.

"I believe the team makes the individual or at least helps him stand out. If it wouldn't have been for those guys up front (offensive line), I wouldn't have gained the yardage that I did," Johnson says.

Offensive Standout  
Colesanto, a 5-10, 200-pounder, stood out on offense while Patterson (6-3, 235) was a top defensive player.

## Santa Ana Tops Griff Hoopsters

Santa Ana Junior College's Dons were able to overcome a pressing Grossmont College five Tuesday night in taking an 83-72 win on the Griffins' court.

Santa Ana swept to a 36-24 first half lead but it was all that they could do to hold down coach Bill Gillespie's cagers in the second half.

Grossmont tied the game at 63-63 with 8:15 left to play after trailing eight minutes earlier by 16 points, 44-28.

Santa Ana stayed on top of the Griffins, leading by two to four points for the next few minutes.

However, with two minutes left, Grossmont started committing numerous fouls and the Dons took advantage, scoring 11 points in the last 120 seconds.

Santa Ana made 29 out of 33 free throw attempts during the contest.

Paul Landis, former Monte Vista High standout, led all scorers with 25 points. Teammate Steve Howe picked up 16 and Tom Dobransky 12.

Gundy Olafson led Santa Ana with 21 while Bruce Chase put in 20 for the victors.

The Griffins will play Chaffey College Friday night at 8 in the Griffin gym.

## Matadors Romp Over Mar Vista Mariners

Mount Miguel's Matadors, utilizing a full-court press and the ball-hawking activities of John Linnan, romped over Mar Vista's Mariners, 73-59, Tuesday in a non-league basketball game on the Matadors' court.

The Matadors, down 21-13 in the first period, used the press in the second period to outscore Mar Vista, 19-13, pulling within two points at the half, 34-32. Linnan stole the ball four times during the second period.

Miguel went on to outscore Mar Vista, 23-11, in the third

period to wrap things up. Pat Ela was the top scorer for coach Dick Ridgway's crew, notching 20 points. His brother Mike scored 13 as did center Ken Patterson.

Tonight, Monte Vista will be at Castle Park in another non-loop contest at 6 p.m.

Miguel will be at San Dieguito Saturday night in an 8 p.m. contest. That game will be played in Bing Crosby Hall on the Del Mar Fairgrounds.

Both Miguel and Monte Vista will be entered in the Kiwanis Tournament beginning next Wednesday.

Coach Dick Ridgway's Matadors will be at home to San Diego, defending CIF titlists, and Felix Rogers' Monarchs will play host to University High. Both games will be at 3 o'clock.

Friday's wrestling matches will have Mount Miguel at home to Chula Vista and Monte Vista at San Diego High. The Matador match is a night event (6:30) while Monte Vista will begin at 3 p.m.

## Student Spirit Aids Monarchs In Compiling Perfect Season

BY NORM HUTSELL  
Monte Vista High's cross-country runners put the finishing touches on a perfect season last Friday by winning the large schools division of the San Diego CIF harrier championships at Morley Field in Balboa Park.

Much of the Monarchs' success has come from a close feeling between coach Bob Larsen and his athletes.

Larsen has worked with most of the young runners for several years, bringing them along in impressive fashion.

Hard Work  
The runners, in turn, have dedicated themselves to working hard and making the most of their skills, winning championships right and left.

Larsen insists, however, that there's more to it than that. He believes school support has accounted for a good part of the success of his athletes.

It's no secret that in many schools, the cross-country team is a group of kids who failed to make the football team, many times because of lack of size. That picture is changing.

Strong Runners  
If you go out and watch a cross-country match, you will notice some big, strong kids — kids

who look strong enough to carry the pigskin any day.

And the number of good-sized runners is increasing each season.

Along with the bigger turnout for cross-country comes school acceptance. This is where Monte Vista High's student body fits in.

Good Support  
"Our student support has been fantastic. The runners don't have to feel neglected because they compete in a so-called 'minor sport.' They can hold their heads high here," relates Larsen.

Among the many things which the school has done for Larsen's charges includes introduction of the competitors before the entire student body preceding a race.

Programs Aid  
The school also has programs with pictures and information on the runners, something that some schools in San Diego City don't have for football.

All of this aids in helping to build a winning team, says Larsen.

"It really helps to have the school behind you," Larsen says. Of course, it doesn't hurt any

Danny Ungrecht, Dave Matheny, Rodney Stephens and Chuck Camp. Bottom row (l.-r.): Ron Calfee, Mark Clark, Kim Van Wagner, Bruce Masse, Danny Matheny and Phil Luque.

# 24-Hour Speed Speech Created For Readers

William Archer, a Texan, who authored the amazing "SPEED SPEECH" course now being offered in this area exclusively through this newspaper was born 50 years ago in Southern Louisiana. French was the predominant language spoken there. Archer was unable to speak English when, at ten years of age, he and his family moved to Houston, Tex.

"I made the transition from French to English without any apparent difficulty. In a few months I even lost the nickname of 'Frenchie'. For years I attributed the rapid transition to a child's natural ability to adjust.

"The similarity of French and Spanish made the subject easy for me and the Latin gave me a base as to the origin of words. I pursued Spanish at Oklahoma U. and Columbia. I moved to Mexico City in 1950 to do graduate work at the U. of Mexico.

"I was appalled by the fact that I could not converse with or understand the Mexican people, though I could read and write their language perfectly. It was then that it occurred to me that the grammatical and conjugational approach to languages gives students a knowledge of the language sufficient to enable them to pass examinations and acquire academic credits, but neglects the most important factor—the ability to communicate.

"My eldest daughter, who was 12 years old at the time, made the transition from English to Spanish as easily as I had 30 years before made the change from French to English.

"By deferring my studies at college and positively refusing to speak a word of English either at home or in the city, I was able to break the thought barrier; it was more difficult for me than it would have been had I had no background at all in the language.

**How It Started**  
It was then, 13 years ago, that the SPEED SPEECH system began. I made notes of my children's spontaneous conversations. I observed the verbs and tenses they employed, and the methods they used to augment their vocabulary.

"By far the most important element that the child employs in learning to speak (his own tongue, or a new one) is his system of building language structure. He learns a language the same way a brilliant genius.

**Twins Promoted**  
Bruce and Byron Hagan, 21-year old twin sons of Mr. and Mrs. Marvin Hagan of 4144 Camino Paz, Spring Valley, recently received promotions in the Army.

Serving a two-year "hitch" they attended supply school at Ft. Polk, La. They have received a rating of Private E-2, and have been transferred to medical supply school at Ft. Sam Houston, Tex.

Both are graduates of Monte Vista High School, class of 1962 and attended Grossmont College for one year. They drafted into the service in July of this year.

**Successful Pilot**  
Naval Aviation Cadet John D. Henthorn, son of Mr. and Mrs. John W. Henthorn of 7534 Mt. Vernon St., Lemon Grove, recently qualified for carrier landings aboard the aircraft carrier USS Lexington, operating in the Gulf of Mexico, while undergoing flight training.

In order to qualify, he had to make six successful takeoffs and landings from the deck of the carrier.

eral conducts an invasion campaign. First, he establishes a beachhead. One beachhead, not two or ten, but one. The child lets all of his supply of new words flow through that beachhead, and he goes about expanding his knowledge in the same manner as the general lands troops, secures his position and then begins to land supplies, tanks, artillery, etc., until he is in position to mount an offensive.

"It is the same in mastering a new language. You must establish a beachhead. That beachhead in language, any language, is 'I want'. I want to eat, I want to drink, I want to sleep. 'I want' is the 'key' to verbs. With it you can begin to bring your supply of vocabulary into being. Through the same beachhead, you soon learn to say, 'I want to go to eat'; then you learn to say, 'I want to go to the hotel to eat.'

## First Person Singular

"If you will notice, the child uses the first person singular of the present tense and adds the infinitives of verbs, then nouns. He soon learns to add adjectives by saying, 'I want to go to the big hotel to eat'. When he wants to say 'Do you want to go to the big hotel to eat?', he does not use the third person singular because this calls for a new beachhead. He uses the one he knows and says, 'I want to go to the big hotel to eat, do you?'. And thus, he finds that he can use the third person singular by simply adding, 'do you', to what he already knows, by the same method, he adds, 'do we' for the first person plural, and 'do they' for the third person plural. It is easy to see that the child can now say, in the present tense, almost anything he desires.

"When the child attacks the future tense, he employs the same strategy. For example—'I am going to go to the big hotel to eat, you are, we are, they are', I am going to his beachhead.

"The genuine brilliance of a child's mind is startling when you see how he can, with just three sounds, grasp control of the present, past and future tense of a new language. For example, in English:

I want to go.  
I am going to go.  
I went.

"In Spanish, we use the child's approach:

Present tense  
A) English—I want to go.  
B) Spanish—Quiero ir.  
C) Sound—Key-air/O/ear.

Future tense  
A) English—I am going to go.  
B) Spanish—Voy a ir.  
C) Sound—Voy/ah/ear.

Past tense  
A) English—I went.  
B) Spanish—Fui.  
C) Sound—Fui-E.

"To these simple 'keys' you can add, 'do you', 'do we', 'do they', or you can add the infinitive of any verb, and you have at your command the ability to express yourself in these three important tenses.

"The adult can master a language more rapidly than a child because he already has a vocabulary and he can convert words from one language to the other. For example:

"English words that end in 'tion' become Spanish words by simply changing the 'tion' to 'cion':

description—descripcion  
Many English words that end in 'ly' become Spanish words simply by changing the

Ball pens are ball pens no matter who makes them; some are good and some aren't, but we had an experience lately that kind of shook us up. A man came in with a pen and said it didn't write a smooth fine line. We tried it and it looked smooth to us. However, he pulled a 10 power magnifying glass out of his pocket and told us to see what it looked like under the glass... it was fuzzy. Under a 10 power glass printed matter—books, advertising, newspapers, road maps, etc., ALL are fuzzy... So much for that.

This is the time of year to begin thinking of new ledgers, forms, storage files, calendar pads and appointment books; also don't forget our fine supply of general and special gifts and cards for your family, friends, and business associates.
